Specialist Learning Community Curriculum Overview Term 2

Music

Foundation

In Foundation, we're going to be exploring the magical world of music through fun songs and rhythmic activities. Get ready to clap, stomp, and sing your hearts out! We'll identify ta and titi, read, write, and perform rhythmic compositions, and use our imagination to explore musical ideas using voice, movement, instruments, and body percussion.

Years 1 & 2

Calling all budding musicians! Year 1 and 2, get ready to dive into the basics of music theory, decode simple rhythms, and rehearse and perform songs and instrumental music to communicate ideas to an audience. Let's use our imagination and experimentation to explore musical ideas and develop improvisation skills.

Years 3 & 4

Hey there, musical adventurers! Year 3 and 4, get ready to embark on a journey where imagination meets sound. We'll explore the wonders of music by using our creativity to convey ideas and emotions through rhythm, melody, and harmony. We'll discover how sound can tell stories and express feelings, and we'll experiment with different instruments and sounds to create our own musical worlds. So, grab your imagination and let's make some magical music together!

Years 5 & 6

Hey there, future Rockstar's! Year 5 and 6, it's time to dive into the world of rock music. We'll learn about key features, key events in history, and key artists. Plus, you'll set your own goals and develop basic skills on an instrument of your choice including keyboard, singing, drum kit, guitar, and basslines. Get ready to rock and roll!
